Electrical World

Volume 143—January-June 1955

McGRAW-HILL PUBLISHING COMPANY, INC. • 330 West 42nd Street, New York City

GENERAL ALPHABETICAL INDEX

A

Accounting

Accountants view meter economies. R. G. Schneider, May 30 104
Alabama and Maine commissions set accounting process for treatment of tax depreciation (N) May 9 63
EEI-AGA meeting stresses accounting aid to management, May 16 ..... *214
Long Island Lighting hurricane accounting costs being considered by N. Y. Public Service Commission (N) Mar. 14 63
Management should look to expense control. J. T. Kimball, Mar. 7 ..... *80
Pre-printed forms and calculators simplify I & M's accounting procedure (N) Jan. 17 ..... *25
Repeat requisitions (Ed) May 9 5
Repeat requisitions save time and effort for Duquesne Light Co. R. C. Wenz, May 9 ..... *48
Surplus accounting method (N) Jan. 31 9
Tacoma, Wash. City Light customers get bi-monthly billing, Mar. 21 234

Advertising (see also **Public Relations**)

Arizona Public Service President Sargent brings Arizona to N. Y. Press dinner, Mar. 21 226
Commonwealth Edison Public Service, Chicago, advertisements, Feb. 21 ..... *196
Consolidated Edison's cut—9.2 billion pats, Mar. 7 ..... *196
ECAP cartoon on Dixon-Yates, Jan. 24 ..... *274
ECAP places ad in Readers Digest, Feb. 21 196
ECAP program for April is a warning to watch the tax dollar, Mar. 21 ..... *226
Helping to multiply progress (Ed) Mar. 14 5
NEMA winter meeting analyzes appliance advertising (N) Mar. 28 10
Pacific G&E takes outdoor poster awards, May 2 ..... *160
PUAA contest reminder, Jan. 24 274
PUAA names copy winners, May 16 208
TVA area coal firm plugs electric industry, May 2 160

Air Conditioning

Air conditioning—big business. C. A. Tatum Jr. June 27 ..... *98
BTU ratings to replace tons and hp in advertising ratings (N) May 23 51
Gas air conditioning being field tested (N) June 6 55
Refrigeration and air-cooling units for potato storage (N) Apr. 11 ..... *55
Room cooler gains seen continuing (charts) (N) Feb. 28 60
Survey shows wages lost without air conditioning (N) Mar. 28 55

Alaska

Four co-ops set up group to develop hydro power (N) Feb. 14 46
Purple Lake project contracts awarded (N) Feb. 28 59

Anniversaries

Duquesne Light Co. marks 75th year and ties its future to the atom, May 2 ..... *48
G&W Co. celebrates 50th anniversary May 30 182
Pittsburgh Standard Conduit opens mill on 50th anniversary (N) June 6 56

Appliances

Better market judgment needed, Jan. 24 204
Cleveland Electric Illuminating offers lower-cost range, June 13 137
Dishwasher from GM, Feb. 14 146
'55 sales should be up (N) Jan. 31 55
How to run an appliance show. Roy Vernstrom, Jan. 31 ..... *16
Housewares boom—rank second to refrigerators in sales (N) May 23 55
Lamp sales to be up for '55, Jan. 24 202
Mexico seeks border market, Jan. 10 120
NARDA chief cites curve which shows dealers like gas (N) Feb. 14 54
NEMA winter meeting analyzes appliance advertising (N) Mar. 28 10
1954: third best appliance year (chart & tables) Jan. 24 122
PEA System Planning Committee meeting (charts) Mar. 28 ..... *32
Rochester store name ordered changed (N) Jan. 31 46
Street Tree and Utility first nationwide conference, Mar. 28 ..... *25
Tomorrow's all-electric house is here today (N) Jan. 17 ..... *15
Water heaters get glamor, Mar. 7 132

Associations

AIEE conference on farm electrification (N) April 11 ..... *32
AIEE forms new East Central District (N) May 23 15
AIEE nominates new officers, directors (N) Feb. 14 18
AIEE studies uses of aluminum in old connectors (N) Apr. 11 ..... *51
AIEE technical program to highlight winter meeting (N) Jan. 3 20
AIEE winter meeting (N) Feb. 7 ..... *59
AIEE winter meeting—technical report, Feb. 21 ..... *92
APPA 17th annual convention (N) May 16 ..... *91
American Power Conference 17th annual meeting to be devoted to atomic energy (N) Feb. 14 20
American Power Conference—speakers reveal nuclear power proposals, Apr. 18 ..... *103
American Standards Assn. reports, Mar. 31 206
Atomic Power Development Associates, Inc. chartered by N. Y.; Cisler named president, Apr. 18 220
Biggest lobby spenders: NRECA 1st; NAEC 4th (N) June 13 162
CABRA officers elected, May 30 196
EEI Accident Prevention Committee reports accidents down in 1st quarter (N) May 30 ..... *82
EEI-AGA accountants meeting, May 16 ..... *214
EEI and Assn. of Edison Illuminating Companies Meter and Service Committees joint meeting (N) May 23 ..... *44
EEI—Branch, Harlee new EEI president speaks out, June 27 ..... *86
EEI convention—Quinton, Harold—president's address, June 27 ..... *92
EEI convention report, June 27 92-106
EEI—A look at the new EEI president (Ed) June 27 83
EEI Purchasing and Stores Committee annual meeting (N) May 30 ..... *83
EEI Round Table Conference—industrial relations theme set (N) May 23 50
EEI Round-table Conference plans (N) Jan. 3 ..... *50
EEI Sales Conference set for Mar. 28—31 (N) Feb. 14—54, Mar. 21 173
EEI Sales Conference—"Step up the drive in '55—the year of greatest opportunity" (Ed) Mar. 21 99
EEI's 17th annual power survey (chart) (N) May 16 90
EEI T&D Committee awards scroll to H. P. Seelye, May 23 ..... *20
EEI Transmission and Distribution Committee meeting discusses need for National Mutual Aid Pool (N) Feb 28 44
EEI 21st annual sales conference, Apr. 19 ..... *106
EEI 23rd annual convention to spotlight development of peacetime atom (N) Apr. 25 28
EJC's General Assembly to hear nuclear talks (N) Jan. 10 55
Engineering societies committee seek new headquarters site (N) Feb. 21 ..... *90
Eta Kappa Nu announces opening of nominations for 1954's outstanding engineer, May 2 154
IEC's metal sheath heater course, Mar. 7 ..... *83
IRE president tells of new concepts, May 16 190
Lime Hardware Institute organization announced, Apr. 4 162
MVEA Industrial and Commercial Sales Conference (N) Feb. 28 46
MVEA 26th annual engineering conference (N) Apr. 11 ..... *23
NAED annual convention, June 13 ..... *137
NAM policies on valley authorities, power development, June 20 5
NARUC convention will highlight atomic energy, May 30 214
NEMA—interview with new head, Joseph F. Miller (N) May 16 ..... *93
NEMA meeting reveals new wire developments, May 30 193
NEMA report optimistic about '55 (N) Jan. 10 57
NFEC sets new meeting policy (N) May 16 94
NRECA 13th annual convention—atom power keynote (N) Feb. 28 ..... *10
National Adequate Wiring Conference (N) Mar. 14 ..... *44
National Assn. of Purchasing Agents—annual meeting of purchasing agents and suppliers discuss prices (charts) Feb. 28 ..... *15
National Conference of Electric and Gas Utility Accountants to meet in Chicago (N) Apr 11 62
Northeastern Weed Control Conference discusses herbicides (N) Feb. 28 27
Northwest Electric Light & Power Association engineering and operating section meeting (N) May 9 ..... *44
Northwest Public Power Assn. annual meeting (N) May 16 95
Nuclear Congress and Atomic Exposition to be held in Cleveland (N) Jan. 24 117
PCEA annual conference boosts intensive selling (N) Feb. 14 39
PCEA annual meeting, Apr. 4 ..... *44
PCEA 38th annual convention, June 6 *48
PEA endorses mutual aid pace (N) Mar. 14 25
PEA Engineering meetings—briefs (N) Mar. 14 25
PEA System Planning Committee symposium (N) June 6 47
PEA Systems Operation Committee meeting (N) June 20 43
PUAA ad contest draws nearly 2,000 entries, Mar. 7 196
PUAA names Fenton president (N) May 30 ..... *79
PUAA 24th annual convention plans, May 2 160
Pressure Sensitive Tape Council brochure, Jan. 24 254
Pressure Sensitive Tape Council second annual meeting, Mar. 7 174
SEE Engineering and Operation Section meeting, May 9 ..... *25
SEE meeting told of Southeast's construction plans (charts) (N) Apr. 11 ..... *30
Southwest Electric Conference organized (N) Apr. 18 101
Utility Commission Engineers 33rd Annual Conference (N) May 9 10
West Coast parley to discuss atomic progress (N) Mar. 14 20

Atomic Energy (see **Nuclear Power**)

Atomic Energy Commission

Announces new regulation under which businessmen may have access to classified information (N) May 30 77
Cutback in funds asked by President (N) Apr. 11 30
Detroit Edison's A-plant plan (N) Jan. 17 ..... *8
Dixon-Yates—see separate heading, **Dixon-Yates**
Faces fuel cost headache (N) Feb. 14 10
Fields, Brig. Gen. K. E. named general manager (N) Apr. 25 ..... *10
Industry responds to reactor program (N) Apr. 11 ..... *8
Meaningful statistic (Ed) May 16 87
Outlines license rules (N) Apr. 18 162
Pool reactor declassified (N) May 16. *92
Power consumption (tables) (N) Jan. 10 56
Program attacked (N) Jan. 31 10
Proposals from three private groups, one public district to build reactors (N) Apr. 18 100
Reactor strictures called too tight, June 27 248
Safety rules readied for A-plants, June 13 200
Whitfield, Allen nominated as member (N) Mar. 28 ..... *10

(Ed) Editorial. * Illustrated. (N) News. (R) Reference Sheet.

Australia

Snowy Mountains Authority authorizes Ebasco to analyze power problems (N) Feb. 14 46

Awards

Cincinnati G&E Beckjord station wins 2nd beauty award (N) Mar. 14 ..... *20
Coffin Award for 1954—four utilities nominated (N) Feb. 14 18
Congratulations, Texas Power & Light Co. (Ed) June 20 5
EEI sales promotion award winners for 1954, Apr. 18 ..... *166
Edison medal to O. T. Buckley (N) Feb. 14 ..... *63
Eta Kappa Nu award to Dr. R. F. Mettler (N) Feb. 14 ..... *49
Good management awards to 24 electric utilities, Mar. 7 189
Kentucky Utilities crew wins Matthews valor award (N) June 27 ..... *88
Kwhr Pool winner, Ray P. Moore (N) Jan. 24 ..... *117
New York State E&G winner of Reddy Kilowatt annual report contest, June 27 ..... *264
1955 list of best managed companies, Feb. 7 138
Texas P&L wins Coffin Award for lignite work (N) June 20 ..... *8

B

Batteries

Safety check for industrial batteries. K. A. Vaughan (R) Apr. 18 138
Solar battery efficiency increased, May 16 ..... *192

Boilers

Demineralization provides pure water for tomorrow's plants. J. D. Yoder, June 20 ..... *15
Dual drive pump gives standby service, May 2 ..... *75
Electric boilers to be produced and sold here, Jan. 24 204

Bonneville Power Administration

Construction schedule for 1955 (N) Jan. 17 43
Establishes Portland, Ore. office (N) Jan. 24 117
Industrial users continue on cut quota (N) May 2 46
New dispatching center, Mar. 11 ..... *118
Power deliveries to 14 Pacific Northwest plants (N) Apr. 11 16
Transmission grid for the Pacific Northwest will be made available to builders of "partnership dams" (N) May 23 15

Brazil

Paulo Affonso Falls hydro plant started, Feb. 7 148

Bureau of Reclamation (see **Reclamation Bureau**)

Buses

Easy-to-get-at bus ducts let workmen tap power quickly, May 16 ..... *150
OVEC bus ducts furnished by Delta-Star (N) Mar. 14 56
R&IE builds 138-kv isolated-phase bus (N) Apr. 25 ..... *16
Roller Smith to add uni-bus systems, Jan. 10 ..... *132

Bushings

Ohio Brass ships ASA standard bushings, May 16 ..... *192

Business Outlook

Auto output: key to 1955 business (charts) Jan. 3 60
Business plans further expansion, Apr. 25 60
Business prospects still good for 1955, May 9 60
Capital outlays improve '55 outlook (charts) Mar. 28 60
Domestic copper prices may increase (charts) Mar. 14 60
FRB credit control curbs utility stocks (charts) Jan. 31 60
Increased public works affect utilities (charts) Jan. 31 60
Inflation lurks behind business boom (charts) Feb. 14 59
McGraw-Hill's eighth annual survey of Business Plans for New Plants and Equipment (N) (tables) Apr. 25 8
Outlook for balance of the year is good, May 23 60
Outlook very good for the rest of the year, June 6 60
Rise in consumer spending marks '55 (charts) Apr. 11 60
Room cooler gains seen continuing (charts) Feb. 28 60
Settlement on Ford and GM contracts dispels one of biggest clouds in outlook for 1955, June 30 60

C

Cables

AIEE winter meeting—cable discussion, Feb. 21 ..... *34
A1-sheath aerial cable requires new practices. A. F. Corry (tables) Mar. 21 ..... *112
Arkansas P&L 13.2-kv loop uses aerial and underground cable. H. O. Kirkland, Mar. 14 ..... *30
Consolidated Edison lays 35-kv cable in tidewater marsh. Joe Frankenberg, Feb. 7 ..... *96
Cutting underground distribution costs—plan used by Southern Calif. Edison. R. C. Blankenburg, May 23 ..... *47
Ground vibrations pin point faults. C. B. Bechtel, Feb. 21 ..... *114
Heating cable for refrigerator doors, Mar. 7 ..... *136
Kansas City service drop obviates theft, tree problems, contacts. H. R. Wade, Mar. 21 ..... *116
Makers need encouragement. L. I. Komives, Mar. 14 46
Modified auto bumper jack bends heavy cable. H. C. Squires, May 2 ..... *34
Pepco cuts 40-kv cable job costs. Moran & Laird, Jan. 17 ..... *46
Sand piles warmed with heating cables. Mar. 7 ..... *126
Service drop runs from pole to meter, May 16 ..... *139
Southern Electrical makes compacted service drops (N) Mar. 28 59

Canada

Alarmed by electrical imports (N) Feb. 28 56
Alcan to up Kitimat output. Apr. 4 188
Aluminum for towers for 300-kv Kemano-Kitimat line, Feb. 21 ..... *109
Aluminum Ltd. to double Kitimat smelter capacity (N) Apr. 25 56
B. C. hydro system planned. Mar. 21 219
British Columbia Electric provincial group become involved in Power River line hassle, May 2 154
Construction and expenditures (tables) Jan. 24 162
Hearn station, Toronto, mishap due to retaining ring failures in two generators, Mar. 31 220
Kitimat 300-kv lines downed by avalanche (N) Feb. 14 ..... *8
Vancouver, B. C. installs chain curtains to divert young salmon (N) Jan. 3 18
Vancouver Island cable link work is under way (N) Mar. 28 39
Water report available (N) Feb. 14 20

Capacitors

Colson Corp. capacitors cut power costs, Jan. 10 ..... *110
Corrected PF obviates plant shutdown, Jan. 10 110
$5,000 capacitor bank cuts power bill $12,200 yearly. C. D. Anderson, May 16 ..... *150
Guide to capacitor practice (R) (tables) May 30 116
Plastic cap safely shields unused capacitor stud. Elvin Miller, May 30 ..... *133
Ratio rose to 0.32 in 1954 (chart), Mar. 7 174
Secondary capacitors put in customers' basements. Miller & Johnson (table) Feb. 28 ..... *22

Capacity Additions

Additions reported to EW (tables) Jan. 24 164
Capacity additions (charts & tables) Jan. 24 152
Changes in capacity reported to FPC (tables) Jan. 17—44, Feb. 21—91, Mar. 28—39, Apr. 25—46, May 23—15, June 20 27
Commonwealth Edison's Will County station in service (N) May 2 ..... *44
Delaware P&L adds unit, Feb. 7 147
Far West growth makes history. J. B. Black, June 27 ..... *105
Folsom Dam operations under way, May 2 ..... *154
Fort Randall Dam adds 5th unit (N) Mar. 14 20
Hawaiian Electric's $10 million addition on Oahu (N) Feb. 14 ..... *18
Installed capacity by ownership, regions (charts & tables) Jan. 24 154
Jacksonville Electric Dept. Southside plant addition, Mar. 21 218
McNary Dam powerhouse adds 7th unit (N) Mar. 21 106
McNary Dam sixth generator (N) Jan. 31 27
Lookout Point Dam installs second generator (N) Apr. 4 175
Public Service Co of New Mexico Person Station addition (N) Jan. 3 16
Southern Calif. Edison's El Segundo station new unit in operation (N) June 20 27
TVA two new units in operation (N) Mar. 28 18

Carrier Current (see **Communications, Controls**)

Circuit Breakers

Brown Boveri breaker operates in 2-cycles (N) May 23 56
Coordinate sectionalizers with station breakers on distribution systems. Mollenhauer & others, Mar. 7 ..... *96
Correct breaker applications hinge on 6 considerations. B. K. Sturgis, Jan. 31 30
Distribution needs faster breakers. Chase Hutchinson (chart) Jan. 3 25
Hydraulic operators perform satisfactorily. I. L. Phillips & others Mar. 7 ..... *106
I-C ratings hiked on GE L-V magnetic air breakers (chart) (N) Feb. 28 59
Multiple selective reclosing improves breaker performance. V. J. Cinna & others (charts & table) Feb. 14 30
Oil-blast breaker switches 115-kv capacitor bank, June 13 ..... *102
Outdoor circuit breakers used to keep milk cold in "electric parking lot", May 16 ..... *152
Spring keeper improves safety in interrupter job. Crooks & Coe, May 16 ..... *142
330-kv breakers carry 15 bushing current transformers. Feb. 7 ..... *140
Westinghouse gets order for 138-kv compressed air breakers (N) Mar. 14 59

Communications

Broaden substation operator's duties with mobile radio equipment (map) May 30 ..... *81
Chicago plans to control traffic signals by radio (N) Jan. 17 44
Device speeds handling of emergency calls. George Yanda, Mar. 21 ..... *146
Microwave to operate in 2,450-2,700-mc band (N) Jan. 3 59
1,000-mile oil pipeline controlled by microwave. Heldebrecht & Jones (map) May 2 ..... *68
Sylvania ties 51 cities to N. Y. data center (N) May 23 56
Toledo uses plug-in walkie-talkie in cars. A. J. Diewald, Feb. 7 ..... *100

Conductors

Automatic splice opened easily with modified pliers. J. J. Bailey, Feb. 21 ..... *133
Coiling machine saves on aluminum ribbon for protecting conductors. T. A. Lingoni, Apr. 4 ..... *91
RABC bus conductor developed by Reynolds, Jan. 10 133

Connectors

AIEE studies uses of aluminum in old connectors (N) Apr. 11 ..... *51

Controls

All-electronic frequency and tie line load control system. Mar. 7 100
Frequency recorder uses R-C network to count pulses. Miller & Wannamaker, May 30 ..... *112
Leeds & Northrup to supply packaged control for nuclear reactor (N) May 9 59
Modern dispatching office is remodeled substation. W. R. Gause, Mar. 7 ..... *118
1,000-mile oil pipeline controlled by microwave. Heldebrecht & Jones (map) May 2 ..... *68
Supervisory control over 14 stations backs up service on Minnkota Power Co-op system. M. H. Gebhardt (map) Feb. 28 ..... *20
Thermostatic control saves transformer cooling water. L. K. Harris, Apr. 18 ..... *136
Westinghouse develops industrial control system without moving parts, May 2 142

Cooperatives (see also **Rural Electrification Administration**)

Alaska co-ops set up group to develop hydro power (N) Feb. 14 46
Arkansas co-ops announce plans for 100,000-kw unit, Apr. 4 186
Arkansas Gov. Faubus signs utility territory bill (N) Mar. 14 18
Arkansas P&L and co-ops agree on bill to permit co-ops to build plant (N) Feb. 7 60
Carolina P&L vs co-ops over arrangements for wheeling Kerr Dam power (N) June 13 65
Colorado co-op receives first generation and transmission loan from REA under GOP (N) May 9 10
Colorado Utility defends right to serve project, Feb. 7 149
Co-op man speaks out on federal power (Ed) May 9 8
Indiana co-op pays off REA loan (N) May 9 ..... *10
Kefauver assails Clark Hill, Dixon-Yates (N) Apr. 11 10
21 co-ops reduce accident rate, Mar. 28 ..... *51
Who was right? (Ed) Apr. 11 5

Corporate Changes

Allis-Chalmers Mfg. acquires Gleaner Harvester, Feb. 7 138
Brown Boveri acquires Stockwell Transformer Corp. (N) Mar. 14 56
Coffing Hoist purchased by Duff-Norton Mfg. Co. (N) Mar. 14 56
Florida Power—or we didn't plan big enough. J. W. Carpenter (map) May 30 ..... *88
Holden Line in new hands (N) Jan. 17 56

(Ed) Editorial. * Illustrated. (N) News. (R) Reference Sheet

Inland P&L plans merger with Pend Oreille Co-op (N) June 30 62
North American becomes Union Electric of Missouri (map) (N) Jan. 17 .. *31
Reliance and Reeves approve merger, Feb. 7 146
Ryerson & Son, Inc. acquires Harvey Co. of Boston (N) Apr. 25 89
Sunshine Scientific acquires GE specialities, Apr. 4 144
Weston Electrical Instrument to be merged into Daystrom (N) Apr. 11—54, May 30 182

Corrosion

Overlay map showing cathodically protected structures planned by Chicago (N) June 29 56

D

Defense

Can you cope with an H-bomb disaster? (N) Mar. 28 62

Distribution

AIEE winter meeting—distribution adopts new methods, Feb. 21 ..... *38
Al-sheath aerial cable requires new practices. A. F. Corry (tables) Mar. 21 ..... *112
Annex added to warehouse requires rearrangement of distribution system. L. J. Langevin, Mar. 21 ..... *162
Are you ready for a heat storm? (Ed) Jan. 10 49
Arkansas P&L 13.8-kv loop uses aerial and underground cable. H. O. Kirkland, Mar. 14 ..... *30
Automatic throw-over aids radial service. W. A. Thue, May 2 ..... *66
Carolina P&L lines short-circuited by seagulls, Apr. 4 ..... *175
"Cold crews" speed line construction from hole digging to sagging in. B. H. McPhee, Jan. 21 ..... *30
Coordinate sectionalizers with station breakers on distribution systems. Mollenhauer & others, Mar. 7 ..... *96
Cutting underground distribution costs—plan used by Southern Calif. Edison. R. C. Blankenburg, May 23 ... *47
Electric "mouse" rods ducts faster, cheaper, May 2 ..... *75
Faster breakers needed. Chase Hutchinson (chart) Jan. 3 25
Flexible mapping scheme saves engineers' time. I. C. Eppley (maps) Mar. 7 88
Florida Power makes concrete poles to reduce distribution costs. H. K. McKean, Mar. 14 ..... *48
Ground vibrations pin point faults. C. B. Bechtel, Feb. 21 ..... *114
Guide to transformer weights and pole strengths (tables) (R) May 16 134
Higher service voltage can solve residential distribution problems. Barkle & others (charts) June 13 ..... *82
Hot-line tool aids placing blankets. D. Mevis, Feb. 7 ..... *100
Hot-stick mounted gun greases clamp, reducing TVI. P. N. Tugman, June 27 ..... *126
Hurricanes show need for National Mutual Aid Pool (N) Feb. 28 44
Is today's distribution obsolete? (Ed) Jan. 3 5
Kansas City service drop obviates theft, tree problems, contacts. H. R. Wade, Mar. 21 ..... *110
Mass distribution by utilities needed to keep pace with mass production (N) Feb. 28 ..... *46
Metal forms cut concrete manhole costs. J. B. Bowen, Apr. 4 ..... *107
Meter shop uses plug-in bus duct, May 2 ..... *90
Mobile transformer insures continuous service, Apr. 18 ..... *151
Modified tree saw pushes cut limbs away, Feb. 7 ..... *98
Multiple-lug connectors aid terminating at protectors. Hervey & Shaffer, May 30 ..... *120
1954 heat storm forces utilities to restudy distribution design—report. Edward Allen (charts & tables) Jan. 10 ..... *65
Otter Tail Power Co. uses unique bird protection for lines (N) Mar. 14 ... *59
Penn Center building has I-T-E and Bull Dog units, Feb. 21 178
Pennsylvania P&L system planning is based on 100 service areas. N. N. Smeloff (maps) Feb. 7 82
Plastic pipe reduces cost of lines to cooling tower. A. F. French, June 27 ..... *119
Precast manholes cut costs 35%. J. A. Berner, Feb. 7 ..... *79
Pushing pipe under street reduces installation time. J. R. Kelley, Apr. 18 ..... *140
Raking hot line speeds new line construction, Mar. 21 ..... *156
Racking practice for Moline—cooperative effort of Burndy and Cope (N) Apr. 25 ..... *56
Rockland L&P rebuilds its system to clear way for highway construction (map) Feb. 7 ..... *62
Secondary capacitors put in customers basements in preparation for next air conditioning season. Miller & Johnson (table) Feb. 28 ..... *22
Shunt test reduces cutout failures. E. J. Leimkuhler, (chart) June 13 ... *89
Special crew speeds line building at Coast Counties G&E. Strong & Rogers, June 4 ..... *16
Spot network serves power to store. R. F. Burnham, June 13 ..... *122
Transmission and distribution line construction (charts & tables) Jan. 24 133
Truck-mounted boom rig speeds framing of H-frames. L. E. Lash, June 13 ..... *119
Tucson takes 14.4 kv. underground. N. M. Lovell (map) May 16 ..... *99
2 transformers serve better than 3 for 13.2-kv 4 wire distribution. A. S. Anderson (tables) June 13 ..... *79
240/416-v system offers economy. A. J. Pansini (charts) Feb. 14 25
277/480-v network cuts system costs. Rothus, Oberholtzer & Folck (charts & tables) Feb. 7 69
265/460-v service is offered by Consolidated Edison Co. of N. Y., Mar. 21 ..... *127
Whose dollars build distribution load? (Ed) Jan. 17 5
Why distribution system costs vary (charts) Mar. 28 ..... *22
Why overhead distribution lines? G. E. Dean, May 16 ..... *106

Dixon-Yates

Congressional battle reaches climax (N) June 29 ..... *10
Dispute flares up again (N) Mar. 28 .. *8
Dixon, Gardner inspect plant site (N) May 9 ..... *9
Dixon, Yates break first ground for plant (N) June 13 ..... *64
ECAP cartoon, Jan. 24 ..... *274
Ebasco ok'd for MVGC contract (N) May 2 ..... *42
Foes attack Dixon-Yates, May 16 203
GAO report hits Ebasco, set to build Dixon-Yates plant (N) Apr. 11 9
House okays Dixon-Yates line (N) June 27 83

Steel ground grid works well Hosensack tests prove. W. F. Dunkle (charts & tables) May 2 ..... *63

H

Hawaii

$10 million addition on Oahu dedicated (N) Feb. 14 ..... *10

Heat Pumps

AIEE winter meeting—heat pump future becomes brighter, Feb. 21 103
All-electric home seen at hand—promotion of year-round heat pump. Philip Sporn, Apr. 25 16
Decatur, Ala. opens largest office building using heat pumps, Feb. 7.. 119
GE offers smaller, compact heat pump (N) Mar. 28 ..... *55
Sewage treatment plant uses heat pump for sludge digestion heating. O. H. Smith, Apr. 4 ..... *110
Union Electric of Missouri promotion, Jan. 24 204
World's first all-electric community—heats pumps in 431 homes, June 13. *134

(Ed) Editorial. * Illustrated. (N) News. (R) Reference Sheet.

Heating, Commercial

Chinchillas inspected and protected electrically, Apr. 4 ..... *118
Commercial electric cooking—report. (charts & tables) Mar. 21 ..... *112-126
Electronic cooking unit (N) Jan. 3 ..... *55
Infrared heaters for bus stops, May 30 ..... *138
Outdoor movies using electric heater. H. D. Randolph, Feb. 28 ..... *55
Sprayed-on heaters melt ice on planes. May 30 ..... *138
Vertical broiler saves time. J. Litton, Feb. 7 ..... *119
What's wrong with the heating industry? May 16 212
Your best bet for electric heating sales. S. S. Sansbury, May 16 ..... *148

Heating, Industrial

Compact infrared oven fills smaller area, needs fewer men. H. F. Moore, May 16 ..... *150
Dielectric heating equipment for plastic sports jacket manufacture. Adm. J. J. Clark, June 27 154
Electric degreaser utilizes 13 resistance heaters. Mar. 21 168
Electric salt-bath furnace saves time, toil, trouble. K. H. Breon, June 13 130
Electronic heat thrown off during tests of thyratron tubes being used for heating at GE radar defense equipment plant, Jan. 24 201
Extrusion improved with heater-cooler combination, Apr. 4 ..... *112
First electrically heated Ohio plant cuts cost (N) Jan. 3 ..... *16
Heat-treating facilities ups blade output. D. E. Dome, May 2 ..... *100
Immersion heaters for heating catylist regenerating oil, Feb. 21 ..... *152
Induction heater cuts billet heating costs. P. H. Henrichs, Jan. 24 ..... *196
Induction heating for glue drying, Mar. 21 ..... *166
Induction heating for griddle blanks. E. D. Anderson, Mar. 21 ..... *166
Industry profits from electric heating —AIEE conference, June 6 ..... *25
Infrared bakes bread fast, cuts labor. F. E. Stout, Apr. 4 112
Infrared drying of insulator bodies. D. E. Alexander, Feb. 21 ..... *148
Infrared halts cracking, Jan. 10 110
Infrared lamp bank salvages motor body shells. R. F. Meinberg, Feb. 21 ..... *148
Radiant heating elements for softening vinyl cloth, Apr. 4 112
Strip heaters speed burial vault output, June 13 ..... *130
Strip heaters warm dashpot damping oil in platform scales, Jan. 24 198
13-kw oven doubles output of bonded brake linings. J. R. Wark, Jan. 24 .. *196
Tunnel kiln cuts baking time 50%, Jan. 24 198
Underground heater ups lazy oil well output, June 27 ..... *154
Walnuts dried electrically (N) May 23 *51
West Penn sells induction heat to steelmen en masse. F. F. Dickmann, May 2 ..... *52

Heating, Residential

Iowa shows gain in electric cooking, water heating, Mar. 21 173
Tomorrow's all-electric house is here today (N) Jan. 17 ..... *15
What's cooking—not electricity (Ed) Feb. 28 5
What's wrong with the heating industry? May 16 212

Hells Canyon

AFL union contributes $6,500 to thwart Idaho Power's proposals (N) Jan. 31 27

Union activities—how far can employers go in questioning workers (N) Feb. 14 45
UWUA ends Consumers Power strike (N) Mar. 14 51
Wisconsin EP and IBEW agree to 2% wage boost (N) Mar. 14 51

Legislation

A-licensing repeal asked in new bill (N) Apr. 11 20
Appropriations bill passes giving SPA $400,000 to continue contracts with Missouri-area co-ops (N) Apr. 25 .. 10
Arkansas Gov. Faubus signs utility territory bill (N) Mar. 14 18
Arkansas P&L and co-ops agree on bill to permit co-ops to build plant (N) Feb. 7 60
Atom law workability discussed (N) Feb. 7 ..... *58
Atomic energy law hearings open (N) Jan. 31 ..... *15
Colorado Project bill revised (N) Jan. 17 18
Columbia Compact stalled in Washington legislature Mar. 21 218
84th Congress to talk up power issue (N) Jan. 3 8
Grand Lake, Oklahoma, level decision (N) Jan. 3 27
Hells Canyon grass roots hearings stir political tempest (N) Apr. 18 .. *98
Hells Canyon measure is scored by Roach (N) Mar. 31 103
Holding Company Act revisions would exempt joint utility financial ventures (N) May 30 81
John Day—bill offered to get partnership rolling May 3 164
John Day OK expected (N) May 2 .. 45
John Day proposal points way (Ed) May 23 5
Laws should regulate, not ruin. R. J. Smith, June 27 ..... *95
Maine's ban on power export—repeal advocated Apr. 4 188
Memphis seeks permit to build plant to compete with Dixon-Yates project (N) Mar. 14 15
NPPA redrafting Columbia bill Jan. 10 167
Niagara bills debated by House group (N) June 20 ..... *9
Niagara Project—legislation on three fronts continues (N) Apr. 4 63
Oregon bill calls for public power commission Apr. 18 234
Oregon House Committee tables utility bills (N) Mar. 28 63
PUC revisions asked by Pennsylvania bills Mar. 21 232
Quinton, Harold address before EEI convention—fight to correct unfair statutes, June 27 ..... *92
REA asks more practical loan legislation Mar. 7 200
REA funds—Whitten group votes $5 million more, Nelson backs formula repeal (N) Apr. 4 65
Tuolumne issue goes to Congress (N) Apr. 4 65
U. S. antitrust study hits 2 key industry problems (N) Mar. 21 107
Upper Colorado bill goes to House (N) May 2 46
Upper Colorado project clears first Senate hurdle, Apr. 4 175
Upper Colorado project is passed by House subcommittee, eliminating Echo Park Dam (N) June 27 98
Upper Colorado project—Senate unit hears plans (N) Mar. 14 ..... *5
Upper Colorado River Storage Project backed by President (N) Mar. 7 .. 75
Wyoming legislature kills REA tax exemptions, Mar. 21 232

(Ed) Editorial. * Illustrated. (N) News. (R) Reference Sheet.

Lighting

New lighting ideas, Apr. 4 116

Lighting, Commercial

Boston gets certified lighting program (N) Jan. 31 51
Corrugated illuminated ceiling, May 9 ..... *56
High-frequency lighting—first fluorescent system to light a building's interior goes into Union College field house (N) May 23 51
Indianapolis starts certified light program, Mar. 21 173
Mercury-vapor triples library lighting at Univ. of Calif., May 2 ..... *112
Overhead infrared lamps chase chill at ice rink. L. E. Anderson, May 9 *51
Rayco lighting sells seat covers. C. J. Aas, Jan. 31 ..... *51
San Francisco's Downtown Garage dramatized with lighting, May 30 ..*149
Trolley duct lighting in furniture store (N) Feb. 14 ..... *56
Union College field house system proves fluorescents economical at 400 cycles, May 2 ..... *142
U. S. road program offers $3-4 billion share for lighting, Apr. 4 164
Washington, Pa. high school installs illuminated plastic ceiling (N) Feb. 14 ..... *54

Lighting, Industrial

All-artificial lighting for spray painting booth, Feb. 7 117
Cabinet quality improved with ample lighting. J. M. Jennings Jr., Mar. 7 ..... *128
Fluorescent dusting is time study subject. A. J. Burmer, Feb. 7 ..... *116
Fluorescent installation raises drafting room's light to 100 ft-c (N) June 20 ..... *55
Fluorescent lighting aids pattern works. J. B. Cloer, Feb. 7 ..... *116
High to low lighting for food testing, Jan. 10 ..... *116
Indianapolis starts certified light program, Mar. 21 173
Luminous ceiling for room for assembly of aircraft parts. N. C. Vicha, June 13 ..... *128
Trolleys build lighting flexibility, Mar. 7 ..... *128
Ultraviolet lamps banish bacteria and locker-room smells, Feb. 7 ..... *114
Ultraviolet lighting reduces cold infection. Leon Albertson, June 27 ..... *150

Lighting, Residential

Kozier "all-electric" farm holiday lighting (N) Jan. 3 ..... *15

Lighting, Street

Comparison of street lighting revenues and costs of two companies. W. S. Leffler (table) Apr. 4 84
Fluorescent system for Dallas, Tex., Mar. 7 ..... *132
Fluorescent tilting fixture directionalizes light (N) Mar. 14 ..... *85
Frankfort, Ind. fluorescent system (N) Jan. 3 ..... *56
GE street lighting film, May 9 51
Goshen, Conn. gets endowed street lighting (N) June 13 ..... *85
Indiana sells street lights by keeping costs down, Jan. 24 ..... *204
Mercury street lamp works on 6.6-amp series (N) June 6 55
Philadelphia, Pa. street lighting improvement program announced (N) Feb. 14 54
Precast bases cut street lighting costs. F. T. Hausle, Apr. 18 ..... *132
Spokane residents stalking light-smashing vandals (N) Apr. 25 ..... *14
Street lighting in the public interest (Ed) June 6 5
Unincorporated area to be lighted, Jan. 10 116

Litigation

Citizens Utilities Co. loses suit to get Hoover power (N) Feb. 14 46
Colorado Utility defends right to serve project, Feb. 7 149
Grant County PUD gets okay on Priest Rapids construction (N) Mar. 7 77
Joppa plant extortion case (N) Jan. 17 62
Mississippi court decision could increase power-line costs (N) Jan. 3 62
Pelton Dam backed by Supreme Court ruling (N) June 13 163
Pelton Dam licensing dispute heard by Supreme Court (N) Mar. 14 10
Philco sales suit (N) Jan. 31 59
Public Service Co. of Colorado injunction suit dismissed, Mar. 7 186
Tacoma City Light's development of Cowlitz River in court (N) May 26 94
TVA vs VEC—no contract breach (N) Jan. 17 43
Utilities can't sue in federal appeals court ruling (N) May 9 9

Load Characteristics

Are you ready for a heat storm? (Ed) Jan. 10 49
Break-even load curves indicate economical transformers sizes. Zane Todd (charts) Mar. 7 90
Commercial electric cooking—report (charts & tables) Mar. 21 ..... *115-126
Cooling load needs complement. C. W. Bary (charts & tables) May 9 15
1954 heat storm forces utilities to restudy distribution design-report. Edward Allen (charts & tables) Jan. 10 ..... *45
Transformer load gauged with computers. H. E. Stratton & others, Mar. 21 ..... *123

M

Maintenance

Corn cobs clean motors, Jan. 10 ..... *90
Electric band saw proves versatile. Charles Keller, Mar. 7 ..... *123
Electric wrenches reduce erecting time, Mar. 21 ..... *160
Fluorescent dusting is time study subject. A. J. Burmer, Feb. 7 ..... *116
Form insures complete rectifier inspection. W. M. Fletcher, Jan. 10 ... 90
Helicopters save money, manpower, time at Ontario Hydro, Jan. 10 ..... *60
Hot-stick mounted gun greases clamp, reducing TVI. P. N. Tugman, June 27 ..... *126
Insulation, shielding changes at Toledo Edison improve line performance. H. H. Dugan Jr. (table) Mar. 21 ..... *131
Job dispatcher board cuts work, eliminates bulky log. Ernest Mills, June 13 ..... *119
Kittimat 230-kv lines downed by avalanche (N) Feb. 14 ..... *8
Maintenance expenditures (charts & tables) Jan. 24 137
Management should look to expense control. J. T. Kimball, Mar. 7 ..... *80
1954 heat storm forces utilities to restudy distribution design-report. Edward Allen (charts & tables) Jan. 10 ..... *65
Old cutouts sectionalize series street circuits. Charles Keller, Jan. 10 ..... *100
Parallel-blade saw saves time on difficult job. Charles Keller, Feb. 7 ... 113
Rubber disks guard wire brush bristles. J. B. Bowen, Jan. 24 ..... *194
Special washing vat cleans meter covers, cuts time 85%. W. M. Mills, June 27 ..... *126
Station shutdown for pipe changes eliminated by using nylon balloon to plug condenser pipe line. F. C. Khare, Apr. 18 ..... *131
UN maintenance board saves money, Apr. 18 ..... *152

Management

Economic dispatch-management faces decisions on new methods and tools. Harker & Westrate (charts) Apr. 18 112
Expense control for more efficient operation. J. T. Kimball, May 7 ... *80
Georgia Tech readies utility course, Mar. 7 ..... *186
More work for "outside" directors (Ed) Apr. 11 5
Personnel departments can boost company's earnings and profits. C. B. Boulet, Mar. 21 ..... *108
Southwestern G&E holds management conference (N) Mar. 28 ..... *18
Union Electric Co. of Missouri district productivity forums (table) May 16 *114

Materials Handling (see also **Trucks and Trailers**)

Alcoa ASCR on new reels reduce field setups (N) Apr. 11 ..... *59
Cranes speed over and under transformer move, Jan. 24 ..... *186
Dollies move equipment over narrow easements. Van Aradol & Golliver, May 30 ..... *129
Electric conveyor expands warehouse storage space. J. M. Jennings Jr., Jan. 10 ..... *108
Generator moved 2 miles overland on deck of planks and special trailer to Morro Bay site in 8 days, Jan. 24 ..... *118
Hay conveyor. Carl van Hardenberg, Jan. 10 ..... *114
Hoisting wire job made safer and easier, Feb. 21 ..... *130
Lifting rig raises generator by it's "boot straps". H. O. Hodson, Feb. 7 ..... *85
Man-lift speeds stringing of crane's trolley line, Apr. 18 ..... *140
Modern methods cut coalpile losses. P. W. Ziemke, Mar. 28 ..... *30
Portable gun carriage aids burner changing. A. Stranzak, Jan. 10 ..... *186
Scrap container unloads quickly and safely, May 16 ..... *144
Toolholder aids switchboard wiremen. L. W. Hill, Jan. 10 ..... *105

Metals

Aluminum production for January, Mar. 21 208
Aluminum production for 1955 (N) Mar. 28 59
Aluminum production in U. S. up, May 2 142
Aluminum production is all-time high in 1954, Feb. 7 140
Aluminum production up in March (N) May 23 56
Copper—domestic prices may increase (charts) (N) Mar. 14 49
Copper production bright (N) Apr. 11 56
Copper production down (N) Mar. 28. 59
June 6 56
Copper production up, May 2 142
Copper production up for January, Mar. 21 206
Copper shortage requires government aid (N) Feb. 21 89
Copper supply expected to remain tight (N) Mar. 14 43
Copper supply inadequate, May 30 ... 198

Meters and Measuring

Accountants view meter economies. R. G. Schneider, May 30 104
Automation speeds meter testing. A. W. Rauth, June 13 ..... *86
Clutch speeds chart setting. J. P. Baker, May 2 ..... *80
Combination kwhr-voltmeters spot incipient voltage troubles on feeders. J. E. McNicol, June 27 ..... *122
Demand-watthour meter records appliance load. M. D. Jester, May 2 .. *80
Let's scrap inadequate meters (Ed) May 30 73
Mass retirement of meters proves uneconomical. J. W. Dye (charts) Apr. 4 78
Meter engineer rates obsolescence. P. W. Hale (chart) May 30 102
Metermen stand at the crossroads (Ed) Apr. 4 55
New panel speeds demand meter testing. S. A. Langell, May 30 ..... *105
Old meter replacement justified. G. W. Gerell (charts & tables) Apr. 4 76
Survey of meter and service trends (charts) May 30 ..... *89-101
Two new universal meters solve tomorrow's metering problems. C. V. Morey, Apr. 4 ..... *74
Ultrasonic meter measures flow in tunnel, June 13 ..... *94

Mexico

Border appliance market, Jan. 10 120
Mexican L&P silver-iodide seeding increases rain by 15%, June 27 139
New power program (N) June 13 64
Nexaca to Mexico City line, once world's longest transmission line, being dismantled (N) May 23 ..... *27

Microwave (see **Communications, Controls**)

Models

GE's atomic power plant model (N) Mar. 14 ..... *15
Washington Water Power uses Noxon Rapids Dam model to study construction cost savings, May 2 ..... *50

Motors

Corn cobs clean motors, Jan. 10 ..... *90
33,000-hp motors for transonic and supersonic wind tunnels, Mar. 7 ... 172
Reactance method used to calculate short-circuit current produced by motors. W. P. Koppenaal (tables) (R) Jan. 10 94
28,000 motor hp powers Tennessee chemical plant, Feb. 7 ..... *114

Municipal Systems

California Electric Power withdraws bid to buy municipality, Feb. 21 ... 200
Denver Water Board orders water conservation (N) Jan. 3 27

N

Natural Resources

Arizona water shortage continues, Mar. 21 220
California water supply reported below average (N) Mar. 28 18
Canada's water report available (N) Feb. 14 20
Columbia basin summer water outlook poor, Mar. 7 188
NENYIAC final hearing, Feb. 21 188
NENYIAC hearings on water resources report (N) Jan. 3 18
Partnership pledge renewed by President (N) Jan. 17 ..... *9

Niagara Project

Army Corps of Engineers approve twin tunnels (N) May 23 9
Army Engineers schedule hearings (N) Mar. 7 76
Congress gets bills on private plan (N) Jan. 17 16
Dondero prods White House for failure to back private power legislation (N) Apr. 4 63
House group debates Niagara bills (N) June 20 9
Lehman pushes construction by state agency; Radwan favors Corps. (N) Apr. 4 63

(Ed) Editorial. * Illustrated. (N) News. (R) Reference Sheet.

Letter from R. Moses sparks new hassle over public, private plans (N) May 16 95
New York charts its plan for Niagara (map) (N) Jan. 19 53
N. Y. State public power forces split (N) May 2 43
Supreme Court action threatened on Niagara (N) Apr. 11 27
Tunnel favored (map) (N) Apr. 4 61
You were right, Mr. Moses (Ed) Feb. 7 53

Northwestern Activities

Bonneville Dam fish facilities planned by Army Engineers (N) Jan. 17 27
BPA cuts power (N) Apr. 11 15
Bruces Eddy Dam—four companies urge Federal government to join in construction, Apr. 18 221
Columbia basin summer water outlook poor, Mar. 7 188
Columbia compact is signed (N) Jan. 31 ..... *44
Columbia compact stalled in Washington legislature, Mar. 21 218
Dams slated (N) Mar. 28 15
Drawdown of 2 NW dams aids power-short area (N) Apr. 11 15
4-state Columbia contract proposed by northwest power group (N) Mar. 14 18
Hells Canyon hearings resumed in Northwest (N) Apr. 11 10
Idaho Power to complete tie with Northwest Power Pool, Apr. 4 186
Idaho Power's Baker-LaGrande link means more efficient power use (map) (N) Apr. 11 18
Idaho Wildlife Federation supports 4 NW dams (N) Jan. 17 27
John Day financing discussed (N) Jan. 3 10
John Day proposal points way (Ed) May 27 5
McKenzie Dam hearings set for June 7 by FPC (N) June 6 49
McNary Dam 2nd largest power producer in NW (N) May 23 32
NPPA redrafting Columbia bill, Jan. 10 167
Natural gas pacts will benefit electric utilities (N) Jan. 3 9
Northwest Electric Light & Power Assn. analyzes northwest problems (N) May 9 ..... *44
Oregon unit eliminates fish commission veto power over hydro development plans (N) May 23 32
Our industry faces critical years. K. M. Robinson, June 27 ..... *106
Pelton Dam backed by Supreme Court ruling (N) June 13 62
Pelton Dam licensing dispute heard by Supreme Court (N) Mar. 14 10
Power review (N) June 20 20
Priest Rapids construction by Grant County PUD okayed (N) Mar. 7 77
Priest Rapids construction plans set (N) May 16 94
Priest Rapids Dam—Gov. Langlie offers to aid Grant County PUD (N) Mar. 14 20
Puget Sound Utilities considering $670 million investment by 1964 (N) May 23 27
Puget Sound Utilities Council sets up office for A-study, Apr. 4 174
Rural farm building sales committee, Jan. 24 202
Streamflows relieve power-pinched northwest, May 16 200
Tacoma, Wash., Board to up power rates (N) Apr. 11 62
Tacoma, Wash. and state agency agree on fish program (N) Jan. 31 18
Truman's NW blast answered by McKee (N) June 27 90
Vancouver, B. C. installs chain curtains to divert young salmon (N) Jan. 3 18
Washington State PUD's reveal expansion plans, Mar. 21 217
Washington WP starts Pleasant Valley, Mountain Sheep Dams site tests (N) Apr. 25 ..... *44
Yakima Indians fish rights charged to Dalles Dam, May 30 201

Nuclear Power

A-risk data expected from insurance firms, Apr. 4 174
A-test plot plan of electric units is made available (N) Mar. 21 ..... *186
AMF plans reactor for private research, Mar. 21 ..... *205
American Power Conference speakers reveal nuclear power proposals, Apr. 18 ..... *188
Atom law workability discussed (N) Feb. 7 ..... *58
Atomic energy law hearings open (N) Jan. 31 ..... *15
Atomic law—industry spokesmen ask greater freedom of data (N) Mar. 14 10
Atomic law patent right changes sought (N) Feb. 7 60
Atomic production safety, Mar. 21 205
Atomic test—power lines stand atom blast well, May 23 ..... *16
Atomic test—with utility men observing Operation Cue. F. J. Kovalcik, May 23 62
B&W awarded contract for University of Michigan reactor (N) May 9 56
B&W to build reactor parts plant, Mar. 21 205
Battelle Institute to get a 1,000-kw reactor, Mar. 7 172
Britain may beat U. S. to atomic power (Ed) Apr. 11 5
British h-w reactor is first of ten (N) June 27 ..... *89
Combustion Engineering developing facilities to build nuclear reactors (N) May 9 56
Consolidated Edison airs design of 236-Mw atom plant, Apr. 4 ..... *58
Con Edison asks bids on privately financed 200-mw atomic plant (N) Jan. 10 ..... *52
Consolidated Edison's H. R. Searing outlines company's plans for commercial use of nuclear power (N) Feb. 21 ..... *86
Davis, Kenneth AEC's new chief of reactor development says producers, not utilities, should lead in nuclear development, Mar. 28 ..... *16
Demineralization provides pure water for tomorrow's plants. J. D. Yoder, June 20 ..... *15
Detroit Edison's A-plant plan (N) Jan. 17 8
Detroit Edison's plans atomic power plant—APDA considers 2 sites (N) Mar. 28 20
Dual cycle offers atomic shortcuts. Mellor & others (charts) June 13 ..... *71
Dual-cycle reactor from GE (N) June 13 ..... *66
Duquesne Light marks 75th year and ties its future to the atom, May 2 ..... *48
EJC's General Assembly to hear nuclear talks (N) Jan. 10 55
Foreign atom aid okayed by congressional unit (N) June 27 ..... *90
Foster Wheeler offers 100-mw nuclear plant (N) May 9 56
4 A-power plans (N) Apr. 18 100
4 factors control atomic plant costs PCEA meeting told, Apr. 4 ..... *66
Franklin Institute unit to study atomic plant design (N) Jan. 3 10
General Dynamics starts study of reactor systems (N) May 9 56
GE's atomic power plant model (N) Mar. 14 ..... *15
GE reactor expected to vie with ordinary steam plants, May 30 ..... *181
GE reactor prediction (N) May 9 53
GE ships its largest reactor, May 16 ..... *190
Great Britain plans 2nd atomic power plant (N) Jan. 3 ..... *18
Great Britain reveals greater atomic progress (N) June 13 ..... *62
Great Britain trains atomic technicians (N) Jan. 3 ..... *52
Great Britain works out atomic waste disposal (N) Mar. 14 27
Great Britain's plan for 12 atomic power stations (N) Feb. 28 ..... *8
Home reactor foresees for heating, cooling (N) June 13 65
Industry assumes atomic leadership. E. H. Dixon, June 27 ..... *102
Industry responds to reactor program (N) Apr. 11 ..... *8
Kaiser designs reactor (N) June 27 91
Learn first from small reactors. Dr. L. R. Hafstad, June 27 ..... *104
Manufacturer is insured for radioactive products (N) June 13 66
NRECA wants atom power (N) Feb. 28 ..... *10
Nautilus, U. S. Navy's PWR-powered submarine trial runs (N) Jan. 24 ..... *112
Never underestimate the industry (Ed) Apr. 25 5
North American Aviation to build nation's first industrial nuclear reactor (N) Mar. 21 ..... *105
Nuclear ash—No. 1 atomic headache (Ed) Feb. 14 5
Nuclear energy on share-the-expense (tables) (R) Jan. 24 154
Plans for atomic power plant approved by 7-company team (N) May 23 ..... *8
Reactor design details explained—Atomic Industrial Forum meeting (N) June 20 44
Reactor insurance planned (N) June 6 49
Reactor proposed, Jan. 10 133
Rehabilitation of A-fuel is vital. J. C. Ward Jr, June 27 ..... *104
Repeal of A-licensing asked (N) Apr. 11 20
Safety rules readied for A-plants, June 13 200
Same old story (Ed) Apr. 25 5
Shippingport seeks nuclear facts. F. A. Flieger, June 27 ..... *102
Soviet A-power plant (N) Jan. 31 9
Soviet's first atomic power station has reactor embedded in concrete (N) Feb. 14 ..... *20
Study group set up to spur A-use (N) Apr. 4 62
U. S. Navy awards sub reactor contract to Westinghouse, Mar. 7 187
U. S. opens world's first international school of nuclear science—19 nations come to study atom, Apr. 25 ..... *10
Wanted: insurance coverage for atom power facilities, Jan. 24 278
Waste disposal problem curbs nuclear plants (N) Apr. 25 ..... *12
Westinghouse enumerates atomic energy progress in 1954, Mar. 21 206
Westinghouse to build nuclear test reactor (N) Apr. 25 56
World competition on our own basis (Ed) June 6 5

P

Poles

Auto crash leaves dangling pole (N) June 13 ..... *67
Concrete block solves pole erection equipment problem. E. S. Mortimer, June 27 ..... *134
Florida Power makes concrete poles to reduce distribution costs. H. K. McKean, Mar. 14 ..... *48
Guide to transformer weights and pole strengths (tables) (R) May 16. 134
Jack developed for straightening poles. M. L. Monson, Apr. 4 ..... *102
Laminated pike poles to be supplied by Chance Co., Mar. 21 206
Mobile gin saves time raising long poles. C. M. Fletcher, Jan. 10 ..... *86
Modified structures carry 115 kv with lower voltages, Jan. 24 ..... *182
Oklahoma G&E pole test shets longer use. Bryce Brady (chart & table) Mar. 28 ..... *48
Portable gin and two truck winches raise long poles. W. W. Brunson, May 16 ..... *126
Practice pole goes "up and away" for storage, Jan. 24 ..... *190
Precast bases cut street lighting costs. F. T. Hausle, Apr. 18 ..... *132
Reduce pole replacements during heat storm, June 13 ..... *102
Utilities ally against woodpeckers. D. A. Campbell Jr., June 20 ..... *24
Wood poles with steel crossmembers selected for substation structure (R) June 13 106

Power Policy

Boulder City should not be free of federal supervision, Hoover dam operators' attorneys testify (N) June 6 22
Calif. Governor Knight backs San Luis transfer to Feather River project, May 2 154
Carolina P&L vs co-ops over arrangements for wheeling Kerr Dam power (N) June 13 65
Clark Hill power—can REA solve marketing problem? Feb. 7 158
Clark Hill power—Georgia Power facilities would be used in proposal by SEPA head to integrate power (N) May 30 90
Colorado Project bill revised (N) Jan. 17 13
Congressional Committees—what happened to the investigations? Apr. 18 230
Co-op man speaks out on federal power (Ed) May 9 5
Democrats begin power investigation, May 30 210
Democrats search for power issues, Mar. 21 230
Dixon-Yates see separate heading.
Dixon-Yates
Eaton, Cyrus S.—buys back into utilities as he sees a trend toward private ownership (N) Mar. 7 ..... *74
84th Congress to talk up power issue (N) Jan. 3 8
Eisenhower continues "no new starts" policy (N) (table) Jan. 24 118
Electric companies stand firm (Ed) Mar. 7 71
Feather River project endorsed by Calif. governor, Feb. 7 148
Free enterprise is interdependent. H. C. McClellan, June 27 ..... *97
Fryingpan-Arkansas "partnership" pushed (N) (table) Mar. 28 9
Hoover Commission proposes to trim judicial functions of FPC and other regulatory agencies (N) Apr. 25 46
Hoover unit revises views on federal power (N) June 20 64
House Appropriations Committee organizes new unit to handle power funds (N) Jan. 24 116
Idaho Power—FPC rules in favor of Brownlee Dam construction (N) May 16 92
Is local government losing out? Dr. G. C. S. Benson, June 27 ..... *94
Kefauver assails Clark Hill, Dixon-Yates (N) Apr. 11 10
Lake City, Colo. "power war" (N) Apr. 4 64
Our industry faces critical years. K. M. Robinson, June 27 ..... *106
Partnership development of Yellowtail project discussed by Pacific Power & Light and Montana Power (N) May 9 46
Partnership—John Day OK expected (N) May 3 45
Partnership pledge renewed by President (N) Jan. 17 ..... *9
Partnership policy changes being initiated (N) Apr. 25 10
Partnership power policy attack led by Clare Engle (N) Mar. 21 104
Partnership program defended by Republicans, Apr 4 134

(Ed) Editorial. * Illustrated. (N) News. (R) Reference Sheet.

Politics delay power measures (N) June 6 15
Power issue forum provided (N) June 13 66

Oklahoma G&E pole test abets longer use. Bryce Brady (chart & table) Mar. 28 ..... *48
Pennsylvania Transformer test facilities, Feb. 7 140
Series-circuit tool cuts lamp replacement 50%. E. W. McCall, Jan. 24 ..... *178
Shunt test reduces cutout failures. E. J. Leimkuhler (chart) June 13 ..... *89
Special set-up cuts insulator time test 50%. June 13 ..... *98
Steel ground grid works well Hosensack tests prove. W. F. Dunkle (charts & tables) May 2 ..... *63
System equipment tests facilitied. M. A. Frederickson, Feb. 21 ..... *104
Test table calibrates street-light relays four at a time. Lauri Santa Ana, Jan. 10 ..... *85
Transformer cart reduces testing time, Apr. 18 ..... *146
UN maintenance board saves money, Apr. 18 ..... *152
Victor Insulators has 235-kv tester, Jan. 24 ..... *254

Transformers

AIEE winter meeting—research cuts transformer noise, Feb. 21 ..... *100
Adjusting street lighting. Hersam & Rose, Jan. 10 ..... *98
Allis-Chalmers completes LTC transformer in 30 days (N) Mar. 14 59
Bracket holds large single-phase transformer, May 16 ..... *146
Break-even load curves indicate economical transformer sizes. Zane Todd (charts) Mar. 7 90
Brown Boveri awarded N. Y. transformer contract, May 2 144
Central Illinois Light service cut off by transformer failure, May 2 155
Computers gauge transformer load. H. E. Stratton & others, Mar. 21 ..... *128
Cranes speed over and under transformer move, Jan. 24 ..... *186
Distribution transformers boost substation voltage. M. H. Gebhardt, May 2 ..... *88
"Earthquake-proof" unit built by Penn Transformer, June 13 ..... *176
Electro-cooler boosts old transformer's capability. H. C. Sargent, May 2 ..... *78
English Electric ships 120-ton transformer (N) Apr. 25 56
First sealed-type subway transformer installed. J. R. Kelley, Mar. 7 ..... *118
GE ships 330-kv transformer to AEC (N) June 20 ..... *59
Guide to transformer weights and pole strengths (tables) (R) May 16 134
Increased use of transformer capacity suggested in ASA guide. M. F. Beavers (charts) Apr. 4 81
Mobile transformer insures continuous service, Apr. 18 ..... *151
125,000-kva LTC transformer shipped (N) Jan. 31 ..... *56
Pennsylvania Transformer gets big contract from AG&E (N) Jan. 31 59
Pole Star transformers to be permanently sealed (N) June 6 59

Transmission

AG&E saves on fuel costs when penalty factor computer teams with slide rule. Willennar & Stagg, Apr. 18 ..... *120
AIEE winter meeting—transmission discussion, Feb. 21 ..... *98
Aluminum for towers for 260-kv Kemano-Kitimat line, Feb. 21 ..... *109
Coordination of incremental fuel costs and transmission losses vital for improved planning and operation of power supply systems. W. R. Brownlee (charts) Apr. 18 107
Determine insulator effect on tension and sag for short and approximately level spans. T. M. Austin (R) (chart) Apr. 4 100
Duke Power's 75-mile, 230 kv line built 5 weeks ahead of schedule (N) Jan. 3 ..... *30
Florida Power—or we didn't plan big enough. J. W. Carpenter (maps) May 30 ..... *86
Helicopters save money, manpower, time at Ontario Hydro, Jan. 10 ..... *60
How to anchor towers in rock. Wiese & Stone, June 20 ..... *30
Idaho Power's Baker-LaGrande link (map) (N) Apr. 11 18
Insulation, shielding changes improve line performance. H. H. Dugan Jr. (table) Mar. 21 ..... *131
Kitimat 330-kv lines downed by avalanche (N) Feb. 14 ..... *8
Middle South system—gas prices spur economic dispatch. George & Stewart (map) Apr. 18 ..... *118
Modified structures carry 115 kv with lower voltages, Jan. 24 ..... *182
Pacific G&E crew strings Morro Bay line (N) Jan. 17 ..... *18
Pennsylvania P&L system planning is based on 100 service areas. N. N. Smeloff (maps) Feb. 7 82
Pepco cuts cable job costs. Moran & Laird, Jan. 17 ..... *46
Problems mount in transmission system expansion. Blake, Butler & Schmidt Jr. (charts & tables) Jan. 10 ..... *76
Rockland L&P rebuilds its system to clear way for highway construction (map) Feb. 7 ..... *42
Saving worth seizing (Ed) Apr 18 95
Special crew speeds line building at Coast Counties G&E. Strong & Rogers. June 6 ..... *16
Static wire supplies tower obstruction lights. C. M. Stallings, Apr. 4 ..... *96
Structure design conserves right-of-way. P. R. Heim, Mar. 7 ..... *93
Suspension clamp changes urged. S. J. Spurgeon (charts) June 13 ..... *75
Transmission and distribution line construction (charts & tables) Jan. 24 133
Tubular riser on tower aids insulator washing. H. D. Fischer Jr., June 27 ..... *142
Two 230-kv circuits transpose on one tower. T. M. Austin, May 30 ..... *112
Utah P&L plans $2-million line (map) (N) Apr. 4 63
West Penn Electric's automatic dispatch pays off. Osterle & Harder (map) Apr. 18 ..... *123
Wood vs steel transmission lines. L. M. Robertson (tables) Feb. 7 66

Trucks and Trailers (see also **Materials Handling**)

Earth augers carried on draw-out shelf under truck. R. L. Llenau, May 2 ..... *90
55-ft crane on flatbed truck reduces erection time. J. P. Servis, June 27 ..... *134
Four-reel trailer strings conductors, Feb. 21 ..... *130
Fuel oil trucked to plant provides substantial savings. C. C. Rousseau, Feb. 7 ..... *91
Generator on tractor-trailer and deck of planks travels overland to Morro Bay site in 8 days, Jan. 24 ..... *118
Hydraulic derrick trucks are time savers. A. J. Diewald, Jan. 24 ..... *186
Ladder attachment developed for trucks. Robert La Fontaine, Jan. 24 ..... *192
Mobile filtering equipment cuts cost of oil maintenance. F. M. Rose, Apr. 4 ..... *102
Multi-reel trailer cuts time 50% on many jobs. Bell & Hinds, Mar. 7 ..... *103
100-Mw unit moved on two trailers, Jan. 10 ..... *85
Running gear plus frames equals two trailers. Robert Franklin, May 2 ..... *84
Special truck sets poles; lifts, totes transformers. C. L. Reals, Apr. 4 ..... *96
Tanker filters oil, cuts breaker overhauling time 60%, Apr. 18 ..... *136
Trailer protects 24 hot sticks during transit. V. P. Williams, May 16 ..... *126
Transformer trailer cuts operating costs. G. D. Read, Mar. 21 ..... *136
Truck-mounted boom rig speeds framing of H-frames. L. E. Lash, June 13 ..... *119

Turbines

GE gas turbines used in Venezuelan plant (N) Jan. 24 ..... *114
Manufacturers save fuel for utilities through design progress (N) (chart) Apr. 25 59
$160 million in turbines ordered, Apr. 4 162
Report on Ridgeland accident (N) Jan. 10 ..... *54
Ridgeland explosion proves "disaster" plan for Commonwealth Edison, Jan. 24 120
St. Lawrence turbine bids (table) (N) Jan. 17 10
Tool mounted on turbine shaft machines flange quickly. A. R. Morrison, May 16 ..... *130

V

Voltage Regulation

Consolidated Edison of N. Y. offers 265/460-v service, Mar. 21 ..... *127
Distribution transformers boost substation voltage. M. H. Gebhardt, May 2 ..... *88
High voltage is a good investment. Philip Sporn, June 27 ..... *100

(Ed) Editorial. * Illustrated. (N) News. (R) Reference Sheet.

Higher service voltage can solve residential distribution problems. Barkle & others (charts) June 13 ..... *82
Is higher residential voltage the answer? (Ed) June 13 59
New records show voltage trends requiring action. S. P. Woolford (chart) Feb. 21 119
240/416-v system offers economy. A. J. Pansini (chart) Feb. 14 25

W

Welding
Automatic welding. D. E. Dome, May 30 ..... *136

Wind Power
Great Britain's wind generator project temporarily suspended (N) Mar. 28. 26

Wiring
Adequate wiring—how to get builders on your side, June 27 ..... *168
AW—neglected child (Ed) June 26... 5
Adequate wiring promotion plans, Jan. 24 207
Adequate wiring promotion program of Southwestern Public Service Co. Thomas Lynn, May 23 ..... *30
Adequate wiring: where is it going? EW survey. E. W. Sessions (tables) June 27 ..... *107
Bigger role for NAWB (Ed) Jan. 31.. 8
Break for adequate wiring (Ed) Feb. 28 8
Detroit Edison's program for adequately wired homes (N) Jan. 17.. 59
FHA studies home wiring (N) Jan. 17 30
Iowa P & L and Pennsylvania Power P&L offer wire on time plans (N) Mar. 28 55
Let's gear up to sell AW nationally (Ed) Mar. 24 8
Minnesota P&L package plan wiring program, Mar. 7 122
N. Y. State Electric & Gas brings AW instruction to classrooms (N) Jan. 31 ..... *88
Ontario makes 3-prong plug mandatory in homes, May 2 112
Philadelphia's "100-A" wiring campaign, May 30 ..... *144
Service entrances—gateway or bottleneck? (Ed) June 6 8
Spokane adopts 200-amp entrance, June 6 ..... *44
Television promotion for adequate wiring, Feb. 7 ..... *118
Twin Cities package re-wiring plan works (N) Apr. 4 ..... *88
Wire on time best AW solution. L. E. Barrett, Jan. 10 114

AUTHOR'S INDEX
